Federal Perkins Loan Program/NDSL Assignment Form General Instructions

The Department of Education (the Department) is authorized to accept assignments under Section 463(a)(5) of the Higher Education Act of 1965, as amended [20 U.S.C. 1087cc]. No assignment of a Federal Perkins Loan, a National Direct Student Loan, or a National Defense Student Loan may take place unless accompanied by a completed Perkins Assignment Form. Please read all instructions carefully before completing this form

The Federal Perkins Loan Program/NDSL Assignment Form is in two parts: the Institutional Certification page and the Borrower and Loan Information page. Submit one original and one photocopy of a completed Institutional Certification page for each batch of assignment submissions. Attach to the Institutional Certification page a manifest listing the loans that are being submitted for assignment. Submit one original and one photocopy (front and back) of the Borrower and Loan Information page for each borrower account being assigned.

The Perkins Assignment Form may be photocopied; however, the Institutional Certification page must bear an original signature in Item 11.

Retain photocopies of the Perkins Loan Assignment Form for your institutional records.

In completing the Borrower and Loan Information page:

- Do not combine Defense, Direct, and Federal Perkins Loan information on the same Borrower and Loan Information page. In those cases where a borrower received more than one type of loan, a separate Borrower and Loan Information page must be completed for each type of loan.
- Provide a Social Security number for each borrower.
- Submit the original promissory note(s) and all required due diligence documentation in accordance with applicable regulations (and/or procedures) for each loan submitted for assignment to the U.S. Department of Education.
- Enter all financial information as dollars and cents (e.g., \$1,200.00 or \$1,200.44).
- Enter all items requiring dates as Month, Day, and Year (e.g., 01/31/2010).

SECTION C – MANIFEST

The institution must attach a manifest to the Perkins Assignment Form, listing the loans that are being assigned. The institution name and Serial Number must appear at the top of each page of the manifest.

List the loans on the manifest in the same way that the loans were initially reported to the National Student Loan Data System (NSLDS). Consistent reporting on the manifest and NSLDS will reduce the possibility of matching errors when the loans are assigned to the Department.

The loan period for a Perkins/NDSL loan may not exceed one year. If a borrower received Perkins/NDSL loans for more than one year of attendance at a school, the loans should be reported to NSLDS as separate loans, and should be listed on the manifest as separate loans.

However, if a borrower received Perkins or NSLDS loans for more than one year of attendance at a school, and the school reported the separate Perkins or NDSL loans to NSLDS as one loan, the loans should be listed on the manifest as one loan.

If a borrower's Perkins/NDSL loans were reported to NSLDS as one loan, report the date of the first disbursement of the first loan the borrower received under "Date of First Disbursement." If a borrower's Perkins/NDSL loans were initially reported to NSLDS as separate loans, report the date of the first disbursement of each loan the borrower received under "Date of First Disbursement."

The first disbursement dates reported on the manifest must match the first disbursement dates reported to NSLDS.

If a borrower received loans of different types and interest rates, the loans should be reported on the manifest as separate loans.

- 20 Date of last disbursement, not the original date of loan. (**Note:** In the event of a late disbursement [e.g., after the borrower's departure date], please enter the date on which the promissory note was signed.) The date of last advance must be prior to the departure date (Item 5) unless an explanation is attached detailing why it is not.
